

projectread® REPORT FORM

Project Read Reading Comprehension *Report Form Process* curriculum by Language Circle Enterprises® is designed to assist primary through adult-aged learners in “breaking open” text, using multisensory strategies to explore informational text.

Teaches a process to interact with informational texts to prepare students for all academic reading. Reports range in readability from 2nd to 12th grade.

Activities are specifically structured to teach students a process to collect, organize, and synthesize information when reading expository content. Students apply their knowledge to test-taking strategies.
